

30-Day AI Learning Schedule

Personalized Roadmap for a Student

 **Student**

 **2 hrs/day**

 **Learn AI Tools**

🚩 FINAL OUTCOME — DAY 30

Aap confidently AI tools (ChatGPT/Claude, image AI, automation basics) use kar sakenge, apna ek portfolio/project bana chuke honge, aur LinkedIn/GitHub pe apna 30-day journey show kar chuke honge.

Week 1: Foundations

Milestone: AI kya hai, prompting kaise karte hain — samajh aa jaye

Day	Task (2 hrs)	Resource
1	LLM/AI basics padhein + Claude account bana ke first prompt try karein	Anthropic docs / YouTube
2	Prompt engineering basics — role, context, instructions	Anthropic prompt guide
3	10 different prompts try karein (writing, coding, math, summarizing)	Claude.ai
4	Zero-shot vs few-shot prompting seekhein, practice karein	Article/video
5	AI image tools try karein (ek image generate karein)	Claude/other tool
6	Chain-of-thought prompting — step by step sochne wale prompts	Practice on Claude
7	Review + Project 1	—

🔗 **Project 1:** Apna "AI Personality Profile" bana ke LinkedIn pe post karein

Week 2: Practical Skills

Milestone: AI ko real tasks mein use karna seekhein

Day	Task	Resource
8	AI se essay/assignment summarize karwana seekhein	Claude
9	Study notes banwana AI se (apne subject ka)	Claude
10	Coding basics — AI se simple code samjhwana	Claude
11	Excel/data AI se analyze karwana	Claude + Excel
12	AI se presentation/slides banwana	Claude/PPT tool
13	Research karwana — kisi topic pe deep-dive	Claude
14	Project 2	—

 **Project 2:** Apne subject ka ek assignment/report AI ki help se complete karein

Week 3: Tools Expansion

Milestone: Multiple AI tools try karein

Day	Task
15	Image generation tool explore karein
16	AI writing tool (blog/content) try karein
17	Automation basics (Zapier/Make ka intro)
18	AI se resume/CV banwana
19	AI se interview prep karna
20	Voice/audio AI tool try karein
21	Project 3

 **Project 3:** Ek mini-project banayein (portfolio ke liye)

Week 4: Portfolio & Showcase

Milestone: Sab kuch consolidate karke public portfolio banayein

Day	Task
22	GitHub repo banayein (agar nahi banaya) + README likhein
23-27	Roz apna kaam screenshot le kar GitHub pe push karein
28	Apne saare projects ek jagah collect karein (portfolio doc)
29	LinkedIn pe final summary post karein
30	Final Project: 30-day journey ka recap post + reflection likhein

Roz ki Requirement

Ye complete karni hai — daily discipline

2 hrs	Daily practical AI work
1	Screenshot/proof push GitHub par
1	Project complete har hafte
✓	Week-end LinkedIn progress post
